About the repeated crimes of the army in Sinai

Ramadan 1434h
August 2013

In the Name of Allah the Most Gracious the Most Merciful

Thanks and praise be to Allah Lord of the universe and prayers and peace be upon the most noble of messengers, our master Muhammad and upon his family and companions and peace be upon all in full abundance

and what follows...

- Under cover of a state of absent media and charlatanism in Egypt, and the whole world, and at a time when the Egyptian army was used as a party in the war waged by the enemies of Islam in Egypt against the Muslim identity of Egypt which they made it appear as if it is a war against the rule of the Muslim brethren (who haven't applied a Sharia law and didn't give victory to a religion) and in fact it is a war against Islam in Egypt, a war in which the army committed crimes what would make a person sweat all over Egypt, none of which was shown but in a disfigured way about their massacres against the demonstrators in Cairo and many of the crimes were hidden by the collaborating media all over Egypt.

- Dear Sinai had the major share of those crimes where blood of the sons of Sinai has become so cheap over the odds and it came about that the officers have directed the soldiers to shoot immediately on the civilians just based on doubts, the blood of the sons of Sinai became so cheap with no value for the army personnel as there's no accounting and no punishment for it.

- This accusation is not without proof or knowledge, but rather a series of crimes of the army which is continuous, and those proven crimes:

1- On Saturday 20 Shaaban 1434h - 29 June 2013CE, the army forces centred in AlJura ambush have indiscriminately shot fire which results in the murder of citizen (Muslim Abo Waheed) and the injury of another, the lives of a number of citizens was endangered of being hit with random fire shots.

2- On Friday 26 Shaaban 1434h - 5 July 2013CE, the army forces opened fire against the peaceful demonstrators outside the governorate building in AlAreesh which prayer Asr which led to the killing of two and injuring more than 20 citizens.

3- On Thursday 2 Ramadan 1434h - 11 July 2013CE the army forces cantered around Abo Taweela ambush on Sheikh Zwaid road Rafah have shot heavy fire on a car that lost its way on a side road before the ambush which led the murder of a young girl who was in the car and the injury of her uncle and that was shortly before breakfast time.

4- On Saturday 4 Ramadan 1434h - 13 July 2013CE an Apache war helicopter has shot a random missile because some children were using laser pen toys against the plane, the rocket his Rasheedat mosque

5- on the day of Wednesday 15 Ramadan 1434h - 24 July 2013CE a taxi driver was injured, who is called (Mohammad Faisal Saber AlShareef) who refused to stop [driving] at a security barrier in AlMaleh square and a citizen was injured who was sitting beside him and is called (Hassan Ahmad Ayesh).

6- On the day of Wednesday 21 Ramadan 1434h - 31 July 2013CE, random fire shots were fired from the protection force of the Sheikh Zwaid police station which led to the injury if (Hamada Abo Eid) who is an owner of a commercial shop near the station.

7- The army completed the matter by letting the Egyptian skies become a playground of the spy planes of the Zionist enemy, in the last two days spy planes were detected, in the last two days Zionist drones were detected flying the sky of AlAreesh and Sheikh Zwaid as it wished and was able to shoot what missiles it wished on any target in Sinai which gives those drones the ability to spy on what it wants and shoot what target it wants in the North of Sinai, what is while the Egyptian planes were going and coming, but those forces and weapons are not against the enemy unfortunately, but rather against the sons of this nation.

- Those crimes which we monitored are but a part of the army's repeated crimes of the Egyptian army against the sons and people of Sinai and each crimes goes unpunished and unaccounted, rather the relatives of the dead people sign that the army is not responsible for the crimes in return for the return of the bodies of the dead persons to the family, and by that and other means the blood is lost under the boots of the army.

- So are there any wise and guided people in that army who still have allegiance to this religion and this nation to punish the collaborators and traitors of the leaders of this army and to return the army to the right path as an army that's based for fighting the enemies of the nation and give victory to this religion and to defend the homes of Muslims and their soul and honour???

We ask Allah aza w jal to make for this nation a guided way in which the obedient to Him are given honour and those who disobey Him are humiliated and where good is being ordered and bad is being fought and His Sharia is to rule.

And Allah has full power and control over His Affairs, but most of men know not.

The last of our supplications is that thanks and praise be to Allah Lord of the universe
